DAVIDS ENGAGEMENT.

Broken For Personal Reasons.—Miss Mary Davis, daughter of the late Mrs. Davis, has broken her engagement to Mr. J. T. Young.

By United Press.

Oct. 18.—Mr. Al. J. Davis, of this city, who was married last night, that the reason for breaking off the engagement was purely personal. He adds: "The reasons should have any connection with it. Imputation of any kind to me is false. Furthermore, Miss Davis has known for a long time that I was poor. The breaking of our house, though a serious crisis, has nothing to do with her decision. She had decided to terminate our engagement before that happened. She has decided the gentleman has nothing to do with it."

KITCHEN FOR CONGRESS.

The Democrats of Halifax in Convention Assembled Want Him—As the Democratic Candidate in the Second District.

(Special Cor. STATE CHRONICLE.)

ENFIELD, N. C., Oct. 16.—The Democratic county convention re-convened to fill the vacancies left open to abide the action of the Republican convention.

Our people are manifesting an interest in politics which I have never before seen evinced.

Happily, all traces of political differences are buried and forgotten; all local and partial grievances have melted away, and united, we swear before the gods, to work together to procure such a change and reform in the infamous measures and methods of the Republican party as will insure virtuous rulers and just and equitable laws.

If I measure correctly the temper of the great and thinking masses of the Democratic party, I think I may venture to say that the time has gone by when men blindly follow leaders. People have begun to act and think for themselves. The convention was entertained for more than an hour by the Hon. W. H. Kitchen, who delivered one of the most convincing, logical and irresistible arguments against the corruption and venality of the party in power, that has ever been the delight of Halifax Democracy to hear; showing conclusively that SALUS POPULI SUPREMA LEX, is the only true and safe principle upon which the structure of our political institutions can rest. There is no more able defender of the true principles of Republican government than W. H. Kitchen. There is no "neutral tint" in his politics.

Our people are expressed in their choice for him, as the nominee of the Second Congressional district, and question the political expediency of the executive committee's failure to make nomination, and suggest the propriety of their reassembling at an early day, and nominating that true, tried, battle-scarred Democratic, who at all times and in every crisis, has stood like a granite wall, with a Damascus blade, an enemy to tyranny and oppression, a friend of liberty and the poor man, wherever the one reigned and the other struggled.

Let us have Kitchen for Congress.

OMEGA.

We are almost tempted to brag on the success achieved since opening our doors, and bow in grateful acknowledgement to our many friends for their generous and substantial encouragement. Good goods, at low prices, honestly represented, generally meets the endorsement of thinking people.

POLITICAL GOSSIP.

The Republican candidate for clerk of the Superior Court of Randolph county has withdrawn. This makes plain sailing for Bradshaw.

The Democratic convention of Davidson county re-assembled at Lexington Monday and nominated W. A. Beck for the House in place of P. J. Leonard, declined.

The Courier comments upon Senator Ransom's speech at Waynesville last week: "His explanation of the tariff, coupled with his description of political government, was the best to which we have ever listened. One of the brightest stars in the political firmament, and one of the tried and true Democrats who has ever stood the test of the storm, is M. W. Ransom."

The Republicans of Davidson county have nominated Z. B. Vance, Walter for the Senate, J. A. Hendrick and S. L. Suratt for the House, D. P. Leonard for Sheriff, J. L. Peacock for Clerk and F. R. Loftin for Register. Walter is the fellow who was in the last House and came to Raleigh an earnest advocate of the R. R. commission. He had not been here long before he was STRANGELY CONVERTED and voted against the R. R. commission bill and against the Cooke bill also. He is not worthy to represent the good people of Davidson and they ought to elect honest and consistent S. E. Williams, the Democratic nominee.

THREE THINGS.

Which the President Has Decided to Do.

[By United Press.]

NEW YORK, Oct. 18.—A Washington special to the Herald says it is understood that the President has resolved upon three things, and as far as present indications go he will adhere to them.

First, he intends to call Congress in extra session early in November.

Second, he will nominate Attorney-General Miller to the vacancy in the Supreme court.

Third, he will make Wm. H. Taft, the present Solicitor-General of the department of Justice head of the department. Mr. Taft's father was Attorney-General during President Grant's last term.

FROM FORSYTH.

She Will Beat all Her Previous Democratic Records—Excitement Over The Report of Brower's Withdrawal—Notes &c.

[Special Cor. STATE CHRONICLE.]

WINSTON, N. C., Oct. 18, 1890.—The campaign of the county candidates of Forsyth came to a close here to day, and I am safe to say that the Democratic candidates firmly planted their banner upon the breastworks of victory.

Old Forsyth seldom ever elects a full Democratic ticket. In fact I do not believe this has been done since the war; yet this year, if the world wags on as it now is, I believe she will beat herself all to pieces in her Democratic record. Things are so stirred up here it is very hard to discern the true strength of the contending forces. It looks as if Shepherd will be sent to the House and Fulton to the Senate. Things also look bright for Boyer for sheriff, and Griffith for treasurer. I cannot tell what the result will be as the registration books are by no means overflowing with Democratic names, and every negro almost in the county is registered. If the Democrats succeed in fully registering their forces, we will win without mistake.

Outside of the county campaign everything is blossoming as the rose. Barber has whipped Settle at almost every appointment, and next week he will stir him around in his own county. Both Webster's forces and those of the old Democracy of the county are for Barber and that he will carry Rockingham is generally believed. This is all he wants. A majority in Rockingham is a majority in the district.

A great deal of excited talking was done here yesterday when the news that Brower had retired and left the Republican congressional bag for Charlie Reynolds to hold was read. A telegram stated that "Brer Johnnie" had been offered the position of sixth Auditor of the treasury and would leave the Republican forces under the command of Reynolds and accept it. Well, one is just as good as the other, although we would love to pay Johnnie our respects in November and knock all the political wind out of him. "Baldy" Williams will carry Forsyth county by three hundred majority if Brower continues in the field, and if Reynolds succeeds him in the race it will make some difference, of course, but not enough to change the political aspect. The old Fifth will do to count on this year.

A private letter from Trinity college to the writer states that the Trinity foot ball team, which won the State championship last year and challenged the whole South, has arranged this year to play, not only the Southern teams but some Northern blood as well. Yale University team is the greatest in the country and they will probably tackle them in Washington.

The first advertising car of Barnum and Bailey's Greatest Show on Earth, reached here yesterday and the whole city is now decorated with their immense advertising pictures. About twenty men went out all over the surrounding country to advertise the immense circus. If the weather is good I feel safe in saying that the largest crowd that has ever been seen in Winston-Salem will be here that day.

To-day the Hotel Fountain property was disposed of at the neat little figure of \$20,000. This is the house that was burned here about three months ago. I do not know who made the purchase nor can any one definitely ascertain, but it is generally believed that Dr. D. W. C. Benbow, of Greensboro, has his eye on building a mammoth transient hotel on the spot. It would be a fine investment for any man.

WAKE COUNTY WHITE MEN.

You are Being Looked at—You Are Being Talked About—What Will You Do?

"The eyes of the whole State" are on Wake county this year. Inquiries come from everywhere as to what she will do to redeem herself.

Below is an extract from the Mecklenburg Times which shows what people are thinking. Oh Democrats, will you work and win:

"Wake Democracy seems to be diseased, specially about the spinal column. If the Wake people don't wake up and do something for Democracy next November, we will move to have the State capital and all State institutions (except the colored fair) located in Currituck county or some other good Democratic community. Moreover we will not be in favor of allowing any more Democratic plums to fall in that county.

Any county that has 1,200 white majority and yet goes Republican by 325, is not fit to have the State capital located within its limits. In fact such a county is not fit to be put down on the map of the Old North State.

Shame on Wake!"

RICHMOND, Va., Oct. 18.—The managers of the Richmond theatre and Norfolk Academy of Music have created quite a commotion by ordering their orchestras to "play the audience out" with "Dixie" instead of the "Star Spangled Banner," which has been adopted by a number of northern and southern theatres.

RALEIGH, N. C., Sept. 19th, 1890.

TO THE PEOPLE OF NORTH CAROLINA:

In the Confederate cemetery at Fredericksburg, Va., there are one hundred and sixty-four North Carolina soldiers whose graves are without headstones. It will require three hundred and twenty-eight dollars to purchase them. Will not the men and women of North Carolina do as much for their brave, dead soldiers?

Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory, and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health, to the use of the Great Alternative and Tonic. If you are troubled with any disease of the Kidneys, Liver or Stomach, of long or short standing, you will surely find relief by use of Electric Bitters. Sold at 50c. and \$1.00 per bottle, at John Y. MacRae's Drugstore.

SOME NOTES AND REFLECTIONS.

Of The Past Week—And What it Teaches Raleigh People.

The events of the past week have been of an instructive character. People have seen that the population is increasing, and that the crowds which visit the capital city every year are growing larger, and therefore accommodations and facilities here must be greater.

For instance the street railway was inadequate for the demands made upon it. Of course some person will say that such a crowd does not come often, but if such a crowd was here could be fully attended to, it would yield a small fortune to such an institution as the street railway.

But crowds do come often. Just think of the many conventions and gatherings of all kinds that come here every year. The cattle fair brings in people. Barbecues are held. State and church conventions and conferences come often, and they come now because Raleigh is the capital of the State. The legislature will bring many visitors. Circuses come and everybody wants to ride on the street car.

Now, if there were a rushing electric system of street railway here, the local daily patronage would be quadrupled because cars could be run quickly and would get where they are going to go in a short time.

When a fellow wants to ride on a car, he doesn't want to wait ten or fifteen minutes and have a slow ride afterwards. He wants to go and have the trip over with. An electric system can afford such facilities. The average horse car line cannot.

Usually when large gatherings or bodies decide upon a place of meeting, they look out for the place that will afford ample accommodations and all the latest facilities. Many large gatherings come here now. If there were inducements in the way of easy and accessible and pleasant depots, more large and well kept hotels, easy and quick transportation facilities from one point to another, more assemblies and crowds would come. The old fashioned way of trying to keep up with and take care of crowds after they have descended upon you is obsolete.

The proper thing now is to get ready for crowds, let them know you are ready and then they will come.

Raleigh is as ready, perhaps, as any place of its proportions anywhere, but that is not the point at which to stop.

We want to be "more ready" than other places. The proper and progressive idea is to attract more crowds.

When people come to a fair, to a convention, to a circus or to a general gathering of any kind, they always put some spending money in their pockets—and put it there with the deliberate intention of spending.

The town which secures the largest number of these gatherings is the town which has the easiest circulation of money, and hence the very proper thing for a town to do is to show an ability to receive and take care of any crowd properly, and then the crowds will come.

MY FRIEND—A WORD WITH YOU.

Do you know that every man who desires to vote at this election must register ANEW? Even if you have REGISTERED and VOTED before, you must register again under the new Election Law to vote this year.

Do you want the Republicans to carry the election and have your neighbors arrested and put in jail as in 1868? If not, REGISTER and VOTE THE DEMOCRATIC TICKET.

Do you wish the negro to get control of your county and State? If not, REGISTER and VOTE for the DEMOCRATIC NOMINEES.

Do you not know that EVERY NEGRO in the State will REGISTER and VOTE? Then so must every WHITE MAN.

Do you want negro Yankee soldiers with drawn bayonets to meet you at the polls and dictate to you how to vote? If not, be sure your name is on the registration books, and do not fail to vote the straight Democratic ticket.

You can't register after Oct. 24th—so REGISTER AT ONCE. Don't say you have not time—take time—YOUR HAPPINESS depends on it; the GOOD NAME and PROSPERITY OF YOUR STATE DEPENDS ON IT; HONEST GOVERNMENT and WHITE MAN'S CONTROL DEPENDS ON IT. DON'T WAIT. Delay may cost the defeat of the party.

All Democratic papers will please copy and keep at the top of the column of each issue until after the election.

The Fair at the Fair.

Will be interested in stylish costumes and the goods to make them. The place to see these goods in their perfection is at the THREE M's, 129 and 131, Fayetteville street.

The Lenoir Topic says that Mr. Richard R. Gwyn, of Elkin, has sold his plantation near that town for \$20,000. Dr. James Hickerson, who owns a farm near Elkin that he valued at \$5,000 before the railroad was built, has refused \$25,000 for it and holds it at \$40,000.

Senator Ransom was 64 years old on the 4th. The Free Lance says his speech at Marion that day is such an one as has seldom been heard there.

You are no Sardine.

Of course not, but all the same a fine sardine is a good thing. Rich in flavor, not too salty, in fine oil, no bones to speak of. If you know what a good sardine is, we can supply you. Also olive oil, olives, salad dressings, fine pickles, sauces, Kipperd herrings, crabs, shrimps, mushrooms and all that sort of thing.
